The Watercolor Artist's Bible

Synopsis

This hardcover book with internal wire-o binding is 6.5in x 8in, a perfect size for readers to keep handy in the studio, and reference often. The stylish design of this book, along with the interior photographs, illustrations and diagrams, make the learning process simple and fun for beginning painters and provides useful tips for more advanced artists. This book is divided into three sections. In the first section, you will find practical advice on choosing the necessary tools and equipment as well as hints on mixing colors?"one of the trickier skills to master until you have learned some of the basic properties of color. Next, the techniques used in watercolor painting are explained in detail, from the most basic like laying washes and reserving highlights to some of the more unusual and exciting methods like wax-resist or spattering paint. Tutorials and more than 100 step-by-step sequences demonstrate how to paint a wide range of subjects, including landscapes, buildings, people and still life. Over 180,000 copies sold worldwide.

Customer Reviews

Marilyn Scott is a professional artist who works across a wide range of media. She studied painting at the Guildford School of Art and the Royal Academy of Painting in London. She is a respected practical art author.

This has a lot of good information that I'm sure even an established artist could make good use of but it's basic enough for a novice like me to "get it." I liked how the materials like paper and such

were explained. I never considered the importance of stretching paper/using a "block" of paper before, for example. I would recommend this book to anyone that's not sure where to start with watercolor.

Too many paintings illustrating a technique but no detailed explanation. More of a picture book than a Bible.

FYI, I am a beginner painter. I love this book! It is organized well and easy to follow. Great photos, illustrations and tips on how to paint. Also great step-by-step illustrations on how to paint. Highly recommend it.

an excellent reference book and very useful. I bought it for the cheapest price (non-prime plus \$4 shipping)

Easy to follow guidelines in a conveniently sized book. I had initially purchased it because my watercolor instructor recommended it and I totally concur.

This book was quite helpful.

Great item.

Excellent book! I've been painting with watercolors for 20 years and find that I can always learn more. This one and Watercolor Tips and Tricks - same publisher but by David Norman are handy references, especially for a beginner or one who feels like they are starting over again!
