Customer Reviews

I Wish You More Wishes for curiosity and wonder, for friendship and strength, laughter and peace.

"Cleverly stated, feel-good wishes." "School Library Journal." "The love comes shining through." "Kirkus Reviews." "It's going to be a new classic." "Cool Mom Picks." "Hopeful and upbeat." "Publishers Weekly."

PreSâ "The renowned duo who created Duck! Rabbit! (2009) and Wumpers (2012, both Chronicle), has teamed up again to present a compendium of pleasant images and cleverly stated, feel-good wishes. "I wish you more ups than downs. I wish you more give than take." Each spread features

children of various ethnicities and a simple comparative blessing, each beginning with "I wish." Although not as engaging as some of their more notable collaborations, it is still a lovely compilation of positive moments that can be shared by parent and child, and it even offers some interesting wordplay in the simple text ("I wish you more can than knot" as a little girl tries to tie her shoes with her tongue sticking out in concentration). VERDICT While not an essential purchase, it is one title that most libraries will wish to have on their shelves.â "Jessica Marie, Salem Public Library, OR

Delightful book! Warm hearted, generous & cute. I bought it to honor the life of Amy Krause Rosenthal & say a little Thank you to her. As I collect her books, I like to think my little purchases go to help take care of her family. I am in awe of how she lived her life & inspired by her to be more, do more, love more.

We purchased this book for our grandson who graduated high school and had the guests at the grad party sign his book. He was a little embarrassed at first but loved it once he seen inside.

I'm using this book instead of Dr. Seuss' "Oh, the places you'll go" to collect autographs of my son's teachers throughout the years. I like that the pages have plenty of room to write. The message is sweet and simple, and the illustrations are lovely.

I bought this book for my daughter for Easter! I want her to know that I wish everything for her. There are no limits on the wishes I have for my sweet daughter! This book does exactly that. The wishes are endless. The illustrations in this book are magnificent! It is a perfect story from a parent to child. One of my favorites! I HIGHLY recommend buying it for your little one!

I love this so much! I got this for my son- for his teachers to sign over the years then to give to him at graduation from high school. It was so perfect and I love the wording and meaning in the book. it is just perfect.

This is such a sweet book!! I bought it for my son's first birthday party for people to leave him

wishes. It turned out so cute!

What a great story for any person that is important to you, no matter their age! I bought this for a graduation gift but read it to my children first with tears in my eyes. It's what any parent wishes for their child(ren).

Love this book and the message in it. Got this for my daughters teacher who was retiring. We wrote our message in the book, added a picture of us and gave it to her. She ofcourse loved it.Great gift for loved ones- young and old!
