This is a cute little book that I keep in purse with a baggie of crayons. I give it to my 3 year old daughter when we are out to eat to keep her busy while we wait for food. She also asks for it on longer car rides. The pictures are black and white and can be colored to help spot the differences in the pictures. The side by side pictures are full pages so the differences are not too hard to find but challenge her a bit. I am very happy with this purchase. I actually purchased 2 of them and gave one to my friends 4 year old and he has really enjoyed this book too.

This is a cute book. I didn't read the description of the book but just know, that this book is a small one! I guess it would be good to take with you to keep your child busy while you are at doctor or appointment. I just mean, it is small! The story is cute and he had a lot of fun trying to read the story. The story line kept him interested in the whole book, over and over. Great Christmas stocking

stuffer....it will fit...LOL!

I like this book but it very small and difficult for little hands to hold open and figure out the differences in the drawings at the same time. If I had realized that it was only 4" x 6", I would have ordered something else..

Very small book but great size for a 4 yr. old and easy for them to be successful. So easy to slip in your purse or pocket for a trip in the car or to a restaurant.

Smaller than I thought. Should have looked at the size, but kept my kid occupied on the plane and that's all that matters.

Perfect for occupying a bit of time at a restaurant or on a plane. Tiny and compact but filled with enough to keep kids busy for a while.

Great book for traveling. Keeps kids busy and a small size to pack in a purse when headed to restaurants. Fun for all ages.

These books are much smaller than I expected. I remember looking at measurements but they are much smaller than I expected.
