We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Are you kidding? This is my era! I can't think of a song from the book that I don't know or have sung at some point by myself or in groups. There just wasn't a better time than the 50's and 70's

Had so much fun sitting at my piano and playing these songs and reliving wonderful memories of years past. A great addition to my music library!

love the songs

This is a great book with all thos 1950's songs we all love. I used it for playing my guitar and It was easy to play most all the songs.

This sheet music was our kind of music, it brings back a lot of memories. Well written, large print and easy to follow.

Great product. Works as advertised.

It's an okay book, but not the first one I pick up when I'm in the mood to play the piano.

This book arrived quickly in excellent condition. The description was complete enough to identify songs I wanted to have in my collection of piano music. I felt I received a good price and was pleased with the delivery and packaging.
