## Customer Reviews

I've played piano recreationally for many years. I'm no pro, but I like to play pieces that are more complicated and that challenge me. The variety of pieces is really good. There are some movie and tv show themes that I can play right away, a few that will challenge me to practice more. The arrangements are quite beautiful. Overall, a great value.

I bought this for my younger sister's birthday. She's been playing the piano for two years and has already started practising with this. She's learned "Time-Inception" by Hans Zimmer by heart. Now I don't have to cringe every time she's playing haha. Never did like those awful songs her piano teacher would assign.

I am pleased with the purchase although I agree there could be some different selections that are more familiar. Some of the songs are fun to play.

Had a lot of songs my son enjoys playing, and not boringly easy

There wasn't as much variety as I would have liked. There were several songs from "The Lord of The Rings" movies - not the type of thing I'd usually play.

I bought this as a gift and the recipient loved it! The songs are in their original key and the wide variety is entertaining.

Nice

Fun music to play!
