Customer Reviews

Great selection of songs for my piano students. I like to supplement their music lesson books with songs they know and want to play. These arrangements are easier than book two and suited best for my students who are playing in Alfred's Basic level 2/3 books. Super! My students love when I get new music and it's fun seeing them get excited over it.Â Alfred's Piano 101 Pop, Bk 1: Popular Music from Movies, TV, Radio and Stage to Play for Fun!

Not at all what it claims to be! The songs are incomplete, especially the Disney songs, it has only a few bars from part of the melody line but not at all the full sheet of music. We are using the piano

101 series in my class and I was looking for more material to try on my own, but this 31 page book, really more of a pamphlet, is a big BIG disappointment. And most of every page is the "teachers part" similar to the 101 text, that is useless to us beginners. This is simply a few fragments following the 101 text style, not a songbook you can use and enjoy. Zero stars. Save your money !

Excellent supplementary book to keep today's students interested in practicing

Awesome! Great for practicing. Although a little bit bent up upon arrival, but I'll survive.

This book is great for beginners who are learning how to play the piano. If you know the MERE basics then this book is for you. It has cool songs from Disney movies so I like it a lot :)

I like the variety of songs in this book, after realizing that after taking Piano I, then learning the pop songs will be fun.

perfect for our sons class

Purchased as a classroom textbook. Has a lot of popular songs. Easy to read and use.
