I’m enjoying my book very much I bought it for my kindle. My only concern I guess with some stories is that no one really sits down and thank our creator for messages from out of nowhere and sometimes believe its because they’re too special to receive these messages, you gotta always be thankful for this ability if you do have it. Its not all you or your powers from beyond its God who put

those feelings, thoughts and dreams in you. That's how you really know about your future etc. This is why you have to be so intune to messages like those and make sure its not just you thinking about it! Other than that am liking the book a lot and have had experiences myself of premonitions and dreams that pertain to my life. We all have that ability we just have to listen and pay attention. Good luck and God bless! Other books I like from chicken soup is angels around us, miracles, messages from beyond. Thanks for the lovely stories.

Incredible how many others share in the dreams & premonitions and understand the power of them when they come true! Absolutely amazing! Read & learn....these dreams & premonitions take place every day all over the world. Had my first at age 11 & it scared the daylights out of me. Sixty years later I still have them and thank God for them.

Having had many similar experiences, I enjoyed this book.

I am enjoying reading this book. The stories are all "feel good" stories. And gives us faith and hope for humanity. I highly recommend.

Great stories, enjoyable reading.

I enjoy these books.

I truly could not wait to read through this book - each section has it's own flavor and so often there is a part I can relate to. Very good reading!

Love the stories!!!!
