I ordered this for my husband and he described it as "weird, but awesome!" I thought it was well worth the few dollars it cost me! Thanks!!

If you are looking how to understand your dreams you found the book. Easy system in finding the things you are looking for because it is in alphabetic order. This was wonderful. It's awesome because when other people ask me about dreams, I can also look in the book for them too. Love It!!!

This book has helped so much in depicting dreams and situations that my consciousness is not aware of. I never thought it would make so much sense or relate so well to my life, but it has been very helpful in discovering myself. Best dream book out there! Worth the money!
