Synopsis

Become a Kairomancer Synchronicity is when the universe gets personal. Through this book of games and enchanting stories, you'll learn how to monitor the play of coincidence and the symbolic resonance of incidents in daily life in order to tap into the deeper logic of events, receive extraordinary counsel, and have wonderful fun. You will be invited to become a kairomancer: someone who is poised to catch the messages in special moments when synchronicity is in play; and to take action to seize the opportunities those moments present. To be a kairomancer, you need to trust your feelings as you walk the roads of this world, to develop your personal science of shivers, and to recognize in your gut and your skin that you know far more than you hold on the surface of consciousness. This is a way of real magic, which is the art of bringing gifts from a deeper world into this one. Follow it, and you will put a champagne fizz of enchantment into your everyday life.

"Jung defined synchronicity as a 'just-so' moment that unexpectedly provokes a meaningful discovery or connection."

Sidewalk Oracles gives us a delightful sampling from Robert Mossâ™s life of just-so stories and encounters. It may just trigger you into remembering a personal moment of secret happiness that you had forgotten. May it be so!â ” Ralph Metzner, author of The Well of Remembrance

Robert Moss, the creator of Active Dreaming, teaches people around the world to transform, heal, and optimize their lives. He is also a poet and novelist. His books include The Three “Onlyâ • Things, Active Dreaming, and Dreaming the Soul Back Home. He spends half his year on the road and half at home in upstate New York.

If you are searching for a way to Life to become exciting and playful, this book will help you find your path to joy. Robert is an extraordinary teacher, but along with his teaching and stories, he invites you to live your larger life, shows you the way, and there is no greater gift!

This book is more enjoyable than the best scavenger hunt. It is filled with clues and tools that help the reader discover the guidance that is available on the roads of everyday life. Robert Moss describes strategies that takes us deep into the magic of navigating by synchronicity, and he supports his concepts with personal experiences, credible research, and entertaining stories that inspire and enchant. As I play with the games described in the section entitled, "The Book of Sidewalk Oracles," I am amazed by how much fun and easy it is to perceive the "Speaking Land" with a fresh perspective. Most importantly, the games have helped me apply the messages I have drawn into my awareness in practical ways. Using games like playing sidewalk tarot, walking a dream, listening for a Kledon, and invoking shelf elves for bibliomancy, I feel like a player who has a head start for hunting meaningful connections among the clues within the world around me. Do I want to become what Robert describes as a Kairomancer, a person ready to catch the opportunities the moments of synchronicity offer. You bet I do. And so will you after reading this book.

Sidewalk Oracles introduces you to kairomancy and ends up showing you how the world is constantly speaking to us and guiding us if we are open to listening, to being led, and to dancing with the trickster a bit. Nearly every page seemed to conjure magic in my world, sparking my awareness of the speaking world we live in. Robert Moss brings both sage wisdom and light playfulness yet again in this new book, making it a joy to read. The "games" are fun and his personal tales are entertaining and inspiring. I highly recommend this book as well as his previous works on the arts and adventures of dreaming. Thank you Mr. Robert Moss!

Great book. A perfect balance between stories and methods. I still use these methods of getting signs and will always use them. This book illustrates the truth that life is our mirror. By reading this book I realized that what I think goes straight into my reality and that my reality is a mirror of me. Sometimes it is easy to get caught up in life and this book reminds me that I'm in charge of my life not the other way around. It's a great re-read too. Thank you.

This is a great addition to my Robert Moss collection of books. Robert is a great story teller and weaves both modern and ancient stories through a collection of exercises on oracle reading. Whether you are serious about oracles and chance happenings or just like to toy around with these ideas, you'll love this book. He has a vast knowledge of stories and beliefs from all over the world and he weaves these into exercises with rich spiritual wisdom. There are stories and exercises for everyone in this book. This book is definitely a universal, all-religious-tolerant approach to spirituality.

Some might call me a Robert Moss groupie. I have after all read all of his books, have attended more than a few workshops, currently host 2 dream circles where we use his techniques of dream play and sing his praises whenever I find an aspiring dreamer! Nonetheless and all the more, Sidewalk Oracles has captured my time since it arrived on my shelf. Reminders, games and ways to engage and play with the Dream Muse fill the pages. Open at random (bibliomancy) and invite the messages to guide you! I love the way "one liners" snap open a fresh focus and I admire how Robert takes the lead with zingers such as this one... "It's not only a matter of letting the world illuminate the dream; it's a case of letting the dream illuminate the world." How about how he invents new words or revives archaic ones? Robert's depth of poetry, prose, history, literature, mythology and language are once again gifted to us in his newest guidebook. He is the "Fodor's" of dream travel. Thank you

This is another great book by Robert Moss. He is a wonderful Dream Teacher and Poet. I thoroughly enjoyed this book and am enjoying life more after reading it. It contains several exercises that will change the way you look at synchronicity and gives you the tools to ask to receive information from the world that may answer the questions you would like answers to.

After reading almost everything Robert Moss has written, I was excited and curious to discover what new insights and discoveries were in store for me within Sidewalk Oracles. I was led on a playful and mischievous romp through his personal distillation of dream techniques and imaginal living. Grounded in history, mythology and science, Moss presents deep and powerful principles in the language of the storyteller, making a meaningful magic available to everyone with a willingness to dive in and experiment with the exercises included in this book. I noticed an increase of synchronicity while reading Sidewalk Oracles. A lot of my friends will be receiving this book for Christmas and birthdays!
