# Minecraft: Redstone Handbook (Updated Edition): An Official Mojang Book

## Synopsis

Revised edition with the most up to date stats, info, and sixteen pages of brand-new material! It's time to wire up and get connected to one of the most complex areas of Minecraft--redstone. Redstone experts guide you through all aspects of working with redstone including mining, smelting, using repeaters, circuit components, and circuit designs. This handbook--now with sixteen additional pages of new content--also includes exclusive tips from game creator Notch himself and some of the most extraordinary redstone creations ever made. So power up and get switched on to redstone--it's electrifying!

Average Customer Review: 4.8 out of 5 stars 119 customer reviews

Best Sellers Rank: #4,843 in Books (See Top 100 in Books) #7 in Books > Children's Books > Activities, Crafts & Games > Games > Video & Electronic #267 in Books > Children's Books > Action & Adventure

Age Range: 8 - 12 years

Grade Level: 3 - 7

## Customer Reviews

Mojang is a games studio based in Stockholm, Sweden. Mojang was founded in 2009 by Markus "Notch" Persson and Jakob Porser. Markus Persson is also the creator of Mojang's best-selling game to date: Minecraft. The alpha version of Minecraft was launched in 2009, and the official game went on sale in 2011. Since then over 100 million copies have been sold, across multiple platforms. It is now the second best-selling video game of all time. In 2014, Mojang was bought by Microsoft. The acquisition hasn't changed much about the company - they still release and support games on multiple platforms, including iOS, Playstation and many more, as well as Windows and Xbox. Mojang plan to keep their independent spirit and continue to treat their community with the respect

and honesty it deserves. --This text refers to an out of print or unavailable edition of this title.

The redstone book covers the basics and goes into depth with some complicated traps and some non-traps. I like how it explains the steps but some of the steps can be very complicated if you read it and do it minecraft carefully. Just make sure to read it carefully step by step without skipping or else you may find that your hard work trap does not function well.

My kid picks out his bedtime story book, and more often than not it is this one. He has read it cover to cover several times. He tries to replicate the instructions from the book into his game. It's great for the minecraft obsessed kid. Gives him something to do when he's done with screens for the day.

These books are good for those just starting to play minecraft. I got this one so that I could understand the different mechanics of redstone better. It was helpful but anyone who has played the game for some time will quickly outgrow these books.

These are great Gift Books. My Son Loved them. He did say he wasn't able to do some of the Buildings taught because he doesn't have the Updated Xbox Version. He uses the iPad one. But overall he was entertained by them. He loved curling up and reading these when iPad time was over.

My son loves this book. He said the book is updated. He was excited to receive it. He said his old version is useless.

My 8 year old loved it! He said it taught him all sorts of new things about Minecraft, which is his new thing :)

This book makes my son happy. What more can I say? It discusses MineCraft and he likes the book very much.

Great books for Minecraft. Got all 4 in series. My kids love Minecraft on PS4. They learned a lot.
