Book by Margolin, Malcolm

This little gem, even though some years old now, is still fun to look through, and get ideas for your next hike. The author covers all of the major open spaces and wilderness parks in the east bay. The author provides a concise history of each place, and a suggested hike to take. The author is a bit of a poet, I think, and I appreciate his sentimental reflections on our wonderful parks. In the rear of the book are several excellent maps covering the places noted. On one of my hikes, I had to tear out a page from the book, because the official map of Garin Park in Hayward didn't show what I needed to see! A wonderful book and a wonderful "tour guide." Recommend!
