Customer Reviews

"Schertle's (All You Need for a Beach) rhyming stanzas are succinct, and she gives readers plenty of opportunities to chime in with animal and vehicle noises; colored, standout fonts highlight these sounds for extra effect. McElmurry's (Mad About Plaid) gouaches recall the heyday of Golden Books in their combination of vividness, naïveté and sweetness, and her rich palette achieves verisimilitude that is no less satisfying for being nostalgic."Â --Publishers Weekly, starred review (4/28/08)Â

We love the Little Blue Truck books, so I was excited to get this for my 2 year old. There are not many stickers with it, and the activities seem to be for older kids, even though the books' audience seems to be under 5. Mine hasn't been interested in it at all, except for playing a little with the stickers.

Cutest little book for my 2 Year Old nephew. If you have read the other Little Blue Truck books, you will love this book. We bought this book thinking it was another Little Blue Truck book, but it is more of an interactive book. The book comes with cute stickers and places to color in to "go with" the story. While we bought this for a 2 year old, I would probably get it for a child 3+ just because they would probably enjoy the color in portions more than a two year old does. Great book.

Great little book, fast ship, many thanks, highly recommend. A+ A+ A+ A+ A+

Paperback book with activities in it, meh

I bought this book for my son, because he loves Little Blue Truck books, but he's only 18 months old & its more for older children. It isnt just a sticker book, its an activity book too. I had fun doing it!

My 2 yr old lives these Little blue truck books!

Adorable book for all the Little Blue Truck fans!

This is a nice little book but it is for a higher age level than I had anticipated. I had ordered it for the 2-year-old but it is more appropriate for the 5-year-old. There are a maze, word games and counting activities in the book.
