Created and written by Naughty Dog Studios The author lives in Santa Monica, CA..

A very nicely compiled art book, featuring art from all 3 uncharted games. Each page is made of a nice semi-gloss like paper. I especially love how they give some descriptions of the thought process behind each character when they were first being conceived. A must have for any Uncharted enthusiast and art lovers.

Absolutely gorgeous artwork and great story of how Uncharted came to be. Took me back to the hours (days) spent playing the games and made me long to play them again! Loved this!

Excellent compilation of artwork for Uncharted fans. I only feel that 192 pages is a bit short for three

games, but I do like comments and captions throughout the book. They really add to the content. Resolution for digital version should be improved at the cost of download size.

This was a gift for my brother who was played all the Uncharted games so far, he is really happy with the behind the scenes artwork.

Arrived before the given deadline (fortunately, because the 23rd of December was really riding the limit). The box was battered slightly and had been opened in customs without proper resealing, but the content was intact and as described: Pristine.

Book is amazing, Defiantly recommending it. Especially for Uncharted Fans its a nice piece of the series to have. Artwork is breathtaking. Its also a great Reference for anyone one in the Art Field Animator, Illustrator, etc. Nice size, just epic.

Perfect for any Uncharted and/or game art fan. Full of beautiful concept art and and an insightful look into the trilogy's development.

cool artwork
