Ellen Miles loves dogs, which is why she has a great time writing Puppy Place books. And guess what? She loves cats, too! That's why she came up with a brand-new series called Kitty Corner. Ellen lives in Vermont and loves to be outdoors every day, walking, biking, skiing, or swimming, depending on the season. She also loves to read, cook, explore her beautiful state, play with dogs, and hang out with friends and family. Visit her web site at [www.EllenMiles.net](http://www.EllenMiles.net).

Sometimes you just need a break from intense and violent books. I got this book when I was younger and first learning how to read. Just now I was searching through my library looking for

something to read when I came across it. I started reading and soon my mind was filled with adorable puppies. I felt like the book left out some details and the characters weren't very developed, besides from being bossy, but otherwise it was a great story. The second you're introduced to Flash you immediately fall in love. What's not to like about puppies! I'm eleven now and the book took me about 30 minutes to read the book, but I enjoyed it and I'm sure you will too. Â Â Â•Â¶

My 6 year-old reads 2 of the Puppy Place books a week. I love that, although she is an advanced reader, these books are still very sweet and innocent. Ms. Miles doesn't use words like "stupid" or "moron" like you find in so many other books at this level.

My 9 year old loves this entire series!

Was a gift. They liked it.

Give these books in counseling children. They are warm books with humor and character. I highly recommend them.

Ordered for my nephew and he was really excited to get this.
