"Petite and perfect for giving to new parents, You're Here! is a charming ode to the sweet stages of a baby's first year. Lovely pastel elephant illustrations add a playful, adorable note to the bouncy rhyming text. Precious!" â " Catherine Johnson"This is a precious book for babies. It is uniquely written and the illustrations are sweet and appropriate. This is a wonderful little book that acknowledges the milestones of your baby's first year and recognizes the love you feel for your child. It's just a few pages long and very simple, yet it is one of our favorite books. I highly recommend it!

While this book seemed a little overpriced for its size...the content is so sweet, touching and on point. The book looks forward to all the wonderful little milestones baby will experience in Year 1 (first tooth, first sounds/words, etc.). I love promoting reading with little ones, and one thing I've noticed over the years is that there are children's books that kids go bananas over...and there are several out there that grown ups can appreciate during story time whether for their humor or sentimental message. This is certainly one of those that will resonate with grown ups. Older siblings will enjoy it too - whether because they can recall younger siblings having experienced the baby milestones mentioned in the book, or because they are old enough to understand that these are the things that they can look forward to new baby brother or sister experiencing over the next 12 months. Great book to include with a newborn gift!

i bought this along with the "you're One" book, just so i can collect them all. I get so teary eyed when i was reading it to my almost one year old baby because all the things written there have been surpassed by my baby. and it get me thinking, time really does fly fast.

So cute, thanks

Cute book :) Thanks!

I love this book. It is so sweet! Elephants are one of my favorite animals because they are family oriented and take such good care of Baby. When I learned I will soon have a little grandson of my own, I decided to send gifts in an elephant theme, which had been the theme of his daddy's nursery. This book was a perfect find. My son and his wife love it.

Beautiful board book!

Such a sweet gift! It's perfect for a baby shower or small gift to bring to the hospital. Love it and will buy more for all my friends who are expecting!
