## Synopsis

Do You Want to Be the Guy that Every Woman Wants and Every Man Wants to Be?\* \* \* LIMITED TIME OFFER! OVER 80% OFF! (Regular Price \$5.99) \* \* \* It's time to stop making excuses. You've always wanted to be the guy who gets the girl, the career, the fancy car and friends who hang on his every word. You've dreamed of the day when opportunity came knocking and showed you how to get the lifestyle you know you deserve. That day is here. You want to be a real man. I want to help you become one. So I'm going to walk you through that process from start to finish. I've dedicated my life to helping men find their inner alpha male, and now I'm here to help YOU. Hi there, my name is James and I'm here to show you how to come out roaring as the alpha male that's hidden inside you. I'm an expert on what makes men tick, it's what I do every day. I've spent more years than I can remember working out exactly what it is that makes us respect, admire and look up to the alpha males among us. It's been an incredible ride and it's helped me find out what I need to know to make even the most insecure of men, alpha too. I'm also an alpha male, so I walk the walk just like I'm going to talk the talk. I'm trained, experienced and able to understand why I think the way I think and why YOU need to think this way, too. Give me ONE DAY and I'll show you the secrets of becoming the alpha male you know you can be. Give me one month and I'll show you how to take the steps you need to take to become that guy FOR LIFE. I'm going to show you what separates the alpha male from the rest of the pack and how to embody those traits and characteristics for yourself. Sound good? We'll take a look at:

- The confidence barrier that separates the boys from the men
- The one secret trait that no alpha male can ever succeed without
- Your step-by-step guide to using your new skills to get EXACTLY what you want
- The one mistake that causes 99% of the guys to fail and how to ensure you never fall into the same trap
- And a whole lot more! If you don't read this guide, the world will forever walk all over you. But this method will change the game and you'll know how to get everything you ever wanted, guaranteed.

I'm going to show you that an alpha male has been hiding inside you all along and you are ten times more likely to get that conversation going with that girl you want if you follow this guide than if you don't. She's going to be hanging on every word you say, waiting hours for her phone to buzz and whipping it straight out to see if it's you and all for the cost of a new phone case. Notice the changes in less than a week... or your money back! If you follow the steps in this guide and you still can't feel your inner alpha stirring, just click one button within 7 days and I will return 100% of your money. I'm so confident that this guide will work for you that I'm willing to take that risk. I know, without a doubt, that I really am going to show you how to win the game of life. Just scroll up and click the BUY NOW button to start

getting everything you ever wanted, right now!Â

## **Customer Reviews**

Because I am always not sure about what to do in most of the situations I face I knew I lack confidence. I always wanted to look athletic but I wasn't sure how to do that. This book was an amazing guide for me in this. It really helped me a lot gaining some confidence in my self and to be an alpha male. I started applying the steps in this book for a few days and I really feel a good change in my life especially in self confidence.

For most of my life I've been what some would call a 'beta male'. Of course I didn't know what I was at the time. Not long ago I decided that I wanted to change my life for the better. When I learned that you could learn to be an alpha male (I always assumed it was something you were born into) I went on and found this book. I'm extremely happy that I found this book and actually took the time to read it. The writing is straightforward and contains no fluff. Almost every sentence itself is a piece of amazing advice that will transform you into not just a man, but an Alpha Male. I learned what

confidence really is, how to determine my purpose, how to interact with women without being weird, how to take control, and the whole reasoning for becoming an alpha. Also I realized that there's a big stigma against the concept of the alpha male and many people misunderstand what it means to be an Alpha, This book goes in depth into why this is. Overall I think that every man should make an effort to become an alpha male, and this book has helped me do that.

Alpha male is the hero of every story and the icon we all of us aspire to. He is the leader of the pack and his decision is the ultimate decision. Most of men wish to be centre of attraction, but only few succeeds. This book covers detailed discussion on what should be done to be an alpha male in the society. This book shows us different methods to be successful as an individual and to be happy with the way our life is going on. Great book! Good inspiration!

This is a book everyone with ambitions should read. Although the title indicates that it is written for men, the content is as relevant to women. To develop your inner alpha is all about personal development and how to develop your potential. To get the changes in your life you would like you must work on developing and changing yourself, and the book provides many tips and strategies. The content is based on knowledge developed by our best thinkers in the field of personal development, and the book gives a good picture of what is required to develop yourself. When you understand what, how and why personal development is important for you, it is up to you to put in the effort and take action to make your inner alpha come true. The book is highly recommended.

I'm pretty much a here and now type of guy and quite a few of the attributes that James Beckett, the author tells us about in this book apply to me, so I'm probably an A Minus Male, but I did, by reading this book, see what my shortcomings are. A good read and thorough.

I found this book amazing. It was an interesting read all through out and I thoroughly enjoyed it. The book is about alpha male, how exactly a male should be his character, which really fascinates every girl. I really liked the way the author has pinned in some great aspects. I must say, its a must read book. Highly recommended one!!!

I did not expect this book to be as informative as it is! Finding your inner alpha is something so many struggle with, including myself and I really think that the author has done a great job of not just

informing, but encouraging change of mindset. It has made me realise how much ability I really have, which I never realised until now. The authors style of writing is clear and really made me determined to take action and become the alpha I've always wanted to be. Overall, a guide that has a lot of valuable content for those who want to improve themselves and their lives as a whole. I have learned a lot.

I like this book as it details without apology and political-correctness all the traits of an Alpha Male. And than, gives solid advice on how to develop and become one yourself. Great fro life itself and not just for success with women.
