What Women Want When They Test Men: How To Decode Female Behavior, Pass A Womanâ€™s Tests, And Attract Women Through Authenticity

Synopsis

Discover What Women Want in a Man and How They Secretly Test You For If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure — men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. **How to Understand Women and Pass Their Tests With Unshakeable Confidence** Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled — the more mysterious side of female psychology and how women think. **Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship** It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: **How to be radically honest with a woman and why this makes her MORE attracted to you.** The reason why women test men **CONSISTENTLY** and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) **How to be confident with difficult women.** What women want in a man and how to give it to them. **How to make a woman happy without becoming a complete doormat of a man.** How to seduce your wife and get her in the mood by responding like a **MAN** whenever she "pokes the bear." **How to be firm and say 'No' to the woman you love without destroying intimacy.** How to keep a woman interested in you by doing the

I used to resent constant testing by women because I didn't understand why they were doing the testing. This excellent book clarifies that women don't really do the testing to upset men, they do it to be reassured that you are being the best man you can be, one they can respect and follow.

I found this to be one of the best reference books I have ever read on testing by othersA very well written book . I'm sure I will re-read it many times as it has such good material.

Bruce Bryant, Thank You for the invaluable information. Not everyday I get a better perspective on the opposite sex. This book will teach me to be a better man. Thank you again.

Thank you for this Bruce. I have a lot of work to do, but at least I know where to start.

This book has been a real eye opener. In reading it I have found why my relationship with women have been off. Now knowing what to do about it. Will refer back often.

Very good information delivered in this book. Took some of the steps covered in the book and noticed a change in response.

I have to admit - I was COMPLETELY skeptical when my wife ordered this for me and turned off to the idea of reading a self-improvement book like this....but after reading just a few pages I was hooked! One of the best books I have ever read, it seems to have been written for someone like me that just needed to get information in an easy to read if not entertaining format. Well done! I might have to get another one of the Author's books....the best part: I thanked my wife for getting this for me.
