Have A Happy Family By Friday: How To Improve Communication, Respect & Teamwork In 5 Days

Synopsis

Every member of a family plays a vital role in the health and happiness of the household. Everyone is important, deserves to be treated with love and respect, and needs to know that when they make mistakes they will still be loved unconditionally. And when every member of the family is pulling for each other and on the same team, everybody wins. But is this kind of family life even possible? Parenting expert Dr. Kevin Leman says it is, and he's ready to show moms and dads exactly how they can make it happen in their familyâin just five days. He shows families how toÂ communicate honestly and kindlyÂ prioritize the right thingsÂ maintain great attitudes and behaviorsÂ determine the role they play in the family structureÂ make family time count. As always, Dr. Leman's outstanding advice is laced with humor, great stories, and the wisdom that comes only from a lifetime of experience. For parents who've had it up to here with bickering, hurt feelings, and emotional exhaustion, *Have a Happy Family by Friday* is just what the doctor ordered.

Customer Reviews

Does any of this sound familiar?Â You're sick of the word whatever.Â You'd have a coronary if you ever walked into one of your kids' rooms and it was picked up.Â You remember way back when you and your spouse paid attention to each other.Â A good day is when you only send your kids to their room once.Â An exciting evening with your spouse is no yelling and no trips to the ER.Â You'd like to ground your kids for life .Â . somewhere else.Â Everybody wants a piece of you, and there's nothing left to give.Â The only family member who listens to you is the dog.Â You spend a lot of your time wishing things were different in your family. Well, wishes can come true. You

can be on your way today to a happy family by Friday. Is it really possible? Yes! Embrace the truths and suggestions in this book, practice them, and watch them last a lifetime. I guarantee it. | An internationally known psychologist and humorist, Dr. Kevin Leman has taught and entertained audiences worldwide with his wit and commonsense psychology. The New York Times bestselling and award-winning author of *Have a New Kid by Friday*, *Have a New Husband by Friday*, *Parenting Your Powerful Child*, *Sheet Music*, and *The Birth Order Book* has made thousands of house calls through radio and television programs, including *Fox & Friends*, *The View*, Fox's *The Morning Show*, *Today*, *Dr. Bill Bennett's Morning in America*, *The 700 Club*, CBS's *The Early Show*, *James Robison's LIFE Today*, *CNN*, and *Focus on the Family*. He has also served as a contributing family psychologist to *Good Morning America*. Dr. Leman and his wife, Sande, live in Arizona and have five children and four grandchildren. I'm generally a big fan of Leman, but this book was a bit of disappointment. I think for many families it would work great, it just wasn't good fit for our situation, but the advertisements and description led me to believe differently. It is really geared for older children (over 10-12) which we don't have. It focuses a lot on birth order, which might work great for a "typical" family. In our case of 2 bio and 3 adopted children, though, the birth order is thrown all out of whack. This likely contributes to many of our issues, but the book doesn't help us to understand that at all. It also does not even begin to

address issues and stresses which are related to children with disabilities. I realize this would be a HUGE topic, but I was hoping to find some tips, resources, or direction of some sort to help keep peace in my family amidst these challenges. It really didn't help at all in our case.

This book was pretty helpful and followed the basic pattern of other "Have a _____ by Friday" books. A lot of the things suggested here were common sense, but they are things that families often fail to recognize until pointed out to them. If you have a family experiencing communication issues or other difficulties, I highly recommend this book.

Every family should read this book. After I finished, my husband read it and it has definitely made a difference in our family!

Excellent book! Easy to read and understand. Very practical!

Excellent book with easy to use tips to get your family on track with better behavior

We are reading the book together now and are loving it! I have already seen a change in our children, as well as the way we treat them and speak to them.

This book is fun to read, very easy to implement, and his strategies have been working on my family to create a positive, loving, listening atmosphere.

Awesome book. Working on correcting my mistakes as a parent due to this book.
