## Customer Reviews

PreSchool-This contemporary classic loses nothing in its translation. Both text and illustration merge beautifully to captivate the attention of beginning readers. Carle's vibrant double-page collage illustrations fascinate, while Mlawer's translation retains the melodic quality of the original question-and-response text. The repetitive format of the book makes learning the names of the colors and animals an enjoyable experience. This fine-quality Spanish translation is an engagingly interactive read-aloud for both groups and one-on-one sharing. â œThe contemporary classic . . . perfect for sharing with a group of preschoolers.â • â •The Horn

Book GuideâœA picture book full of rhyme and repetition that will appeal to preschoolers. Carle's large collages bursting with color are perfect for the text.â•â•Booklist

My daughter loves this book. LOVES it! We only speak Spanish at home so having good books available that she can enjoy identical to those of her English speaking friends is a joy. This book is very colorful and stimulating for her to look at. With this book specifically, we enjoy the thick and durable pages. I can tell this book will hold up to her repetitive reading of it and hopefully, our next born child may also enjoy it too. I have little doubt that won't be in just as great condition by then! We plan to purchase more Bill Martin/Eric Carle books in the near future. It's a plus that we can order them in a different language. Next on our list is the Polar Bear book!

I love the book but only give it three stars because it said "Hard Cover" and it's really actually a small board book. I wish I had looked at the size before ordering. That should be clarified. Board book not "Hard Cover" book.

Bought for my grandson at my daughter's request. They love it.

Mi bebe ama este cuento es lo mejor que pude haber comprado

Brand new book. Great deal!

Nice book!

Great book for bilingual kids. My toddler LOVES it!

We love this book!
