Customer Reviews

I had no idea what to expect. These studies are definitely a step up from the first 20. I liked the inclusion of scales, arpeggios etc.

A book that help you develop your technique when playing the piano.

The Best.

Wonderful

It is a replacement book for the one I inherited from my father

Excellent book.

Love it

I grew up with Hanon, I like it with scales in the back, all major and minor scales group in one page

for each scale
